## CHÂTEAU ROC DE CAZADE BORDEAUX RED AOP

Château Roc de Cazade is a wine domaine that covers 115 hectares of vines in St Léger de Vignague, in the heart of the Bordeaux wine region. The vineyards date back to 1831 and were purchased by the Lambert family in 1945 before being inherited by their daughter Gilberte.

She married René Cazade in 1960 and the domaine began to expand thanks to its polyculture farming activity which was very popular at the time.

The entire domaine was converted to viticulture in the 1970's.

A succession of consecutive acquisitions combined with a rigorous replanting program soon made it one of the most successful wine domaines in the Entre deux mers region, producing wines of outstanding quality.

Production is composed primarily of red wines although it also produces white wines with a very unique style.

### THE PLANTING RATIO

is composed of the three Bordeaux varietals: Merlot (60%), Cabernet Franc (20%) and Cabernet Sauvignon (20 %).

### THE TERROIR

is formed of clay-limestone soils interspersed with gravel on a peak in the Bordeaux region.

### VINIFICATION

uses traditional methods and takes place in temperature controlled stainless steel vats. The grapes are harvested in optimum conditions and at perfect ripeness levels (the gauge of a high quality wine).

A selective sorting is carried out on a sorting table before the grapes are de-stemmed.

### TASTING NOTES

Château Roc de Cazade offers a beautiful ruby red hue and aromas of red fruits and blackcurrant on the nose. A well-structured wine with delicate tannins, good balance and excellent length on the palate.

This wine is well-suited to bottle age but can also be enjoyed in its youth thanks to its elegance and finesse.

### FOOD & WINE PAIRING

The ideal partner for red meats, stews and cheese.
